

Exist Ticket: Lee's Summit R-V Schools PrAT1 Meeting #2 Deltas & Pros			
Deltas (-)	Tally if repeated	Pros (+)	Tally if repeated
Kitchen/cafeteria (small, more prep space needed, renovation needed)	18	Lots of windows (lots of natural light)	13
Transportation (bus lanes, limited parking, car-rider pick up lane, outdoor lighting, traffic limitations)	13	Large classrooms (consistent in size)	10
Inefficient/confusing layout (odd to get to gym, confusing hallways, ADA access)	8	Art and music rooms (large)	9
Two levels (noise disruption to lower classrooms, behavior challenge, ADA)	6	Staff lounges/work rooms (designated spaces for moms to pump, seperation from copy rooms,	6
Water damage/leakage (moldy smells, one classroom with major issues, dehumidifier)	6	Gym (mid-size compared to ther buildings, can hold assemblies and events	5
Bathrooms (need updates, odor, located in classroom, no common bathroom downstairs)	4	Individual restrooms in K-2 classrooms	5
Mobile classrooms	3	Community feeling; supplied and supported by community	4
Narrow stairwells (visibility problem as students are split above and below	3	Large areas for growth and expansion	4
No sidewalks; Downtowners cannot walk to school (distance from LSE students)	3	Large hallways	4
Busy road outside (highway noise, 1-way)	2	Library (beautiful space, large open concept	4
Looks dated and dark	2	Updated furniture and flooring	4
No ramp or elevator downstairs	2	Welcoming school feel (tile art in front hall)	4
Security challenges	2	Elevator	3
Big building		Large building size (lots of classrooms	3
Big front office space		Offices (large, big front office	3
Carpet needs to go		Character (color, flair, teachers, school pride/traditions)	2
Classroom layout-wall seperating backpacks from classroom supervision issue		Large play ground and school park	2
Classrooms are small to average in size		Protected and secure entrances	2
Does not have community feel like LSE (not a community school)		Storage in all classrooms	2
Egresses		Two levels (good for large number of kids)	2
Lack of collaborative space for kids		Younger grades seperates from older grades	2
Lots of refresh for celing tiles needed		Below ground space for safety	
No on-site shower		Conference room	
Noise from HVAC in library		Dedicated special areas	
Out of date areas in teacher prep zones		Family atmosphere	
Separation of grades		HVAC seems to work well	
Sight-lines in kindergarten classrooms		Kitchen staff make magic happen	
Somewhat sterile feel (cold/cinder blocks)		Open entry	
Staff lounges/work rooms (too small, lacking amentities		Rugs with mascot	
Very low ceilings		School layout (student pass through on hallway)	
		School pride/traditions
