

Lee's Summit R-V Schools PrAT2 Meeting1 Parking Lot Notes

Note:

smaller schools - counselors/focus room teachers. What is the district's plan for this? What is the number of staff in similar buildings (Prairie View, Meadow Lane)?

questions.

combining schools/closing when other schools need trailers?

classes they are expected to teach. However, this gives the teachers two options: teach 8 classes each day (with 6 preps) or teach 6 classes each day with each time block being a class and a third. For these combined schools, it would be 25-33 kids. While this is considered acceptable, it is much more than what is asked from other

What does the proposed projects increase WVE capacity to if the building is already at 55%?

MLE: ?

1 schools? Specifically, the impact it has on the student.

two buildings the ones on the table?

projects (i.e. what was asked V.S> what was chosen; because that led to this)? And print please

map?

to have confidence in.

My hope is that LSE is not looked down upon for simply filling the slots needed.

Request: Decision-making process for the district that led to the district to the decision to consolidate productive use of time when we such limited time for discussion.

How/what is the makeup of the District enrollment PrAT? How/who was invited? And when? And by whom?

The question for the vote needs to include "closure of LSE and consolidation of LSE and WVE." It should not just state "consolidation of LSE and WVE" and "remain as separate schools." It needs to include the word "closure."

"Consensus" -- This word is being used often tonight. What do we mean by consensus vote?

What are the options for the vote?

What are the number of Pre-K students for each school?

What are the increases in building costs should all of the LSE students were bussed to WVE?

What emotional issues are associated with bussing students that walked to school?

15-25 students/teacher -- what does the district see as optimal?

limited time, could the sheets file just be re-shared ahead of time?

about numbers?

What is the average size of each school (acreage) and how many students in these schools?

Can you please make a copy of the presentation for each team member?

bond?

representation)?

other reason (not budgetary or other)

Are other schools making significant concessions within this bond improvement plan?

When is the district looking to re-boundary in the future?

over the last five years? Shawnee Mission closed schools, then 10 years later, they had to rebuild. Independence is keeping them open to avoid rebuilding.

at the third meeting?

we okay with keeping on with the status quo? Maybe a change is needed.

How much money has been spent in the last five years in maintenance at LSE?

LSE to see if larger Title 1 Building in district has any impact on student performance?

largest Title 1 school?

document.
