DRAFT - WORK IN PROGRESS

Map data provided by McPherson County, City of McPherson,  
McPherson Public Schools, Kansas GIS, and ESRI.  
Map created by RSP & Associates January 2026.

DRAFT - WORK IN PROGRESS

| Option #1: Elementary Boundary Projections |         |        | Projected Reside Student Data from 2024/25 Analysis - New Boundaries Implemented |       |         |       |         |       |         |       |         |      |
|--------------------------------------------|---------|--------|----------------------------------------------------------------------------------|-------|---------|-------|---------|-------|---------|-------|---------|------|
| 2024/25 Projections by Reside              |         |        | Functional Capacity                                                              |       | 2026/27 |       | 2027/28 |       | 2028/29 |       | 2029/30 |      |
| School:                                    | Current | Future | #                                                                                | %     | #       | %     | #       | %     | #       | %     | #       | %    |
| Eisenhower Elementary - Repurposed         | 324     | 0      | 0                                                                                | 0.0%  | 0       | 0.0%  | 0       | 0.0%  | 0       | 0.0%  | 0       | 0.0% |
| Lincoln Elementary (2+ section)            | 336     | 411    | 354                                                                              | 86.1% | 356     | 86.6% | 353     | 85.9% | 349     | 84.9% |         |      |
| Roosevelt Elementary                       | 346     | 346    | 270                                                                              | 78.0% | 279     | 80.6% | 281     | 81.2% | 287     | 82.9% |         |      |
| Washington Elementary                      | 336     | 336    | 302                                                                              | 89.9% | 303     | 90.2% | 301     | 89.6% | 298     | 88.7% |         |      |
| TOTAL (PK-5)                               | 1,342   | 1,093  | 926                                                                              | 84.7% | 938     | 85.8% | 935     | 85.5% | 934     | 85.5% |         |      |

Source: RSP & Associates, LLC.  
Projections from May 2025. Capacity verified in RSP Functional Capacity analysis in 2024/25.  
Total projections may differ from current and concept boundaries due to rounding at the student and building level.  
Eisenhower's non-geographic planning areas (out of district/unmatched) are assigned to Washington Elementary in this concept.

2/3/2026

**About the Map:**

- Displays the proposed Option #1 elementary boundaries
- Solid colors are the optional boundaries; the dotted line is the current boundary

**About the Data Table:**

- Displays the Option #1 2026/27 to 2029/30 projections by boundary
- Percentages illustrate the percent utilization of FUTURE functional capacity
